## HOW ARE THEY RELATED

NAME: \_\_\_\_\_

CLASS: \_\_\_\_\_ DATE: \_\_\_\_\_

Akin hosted Christmas last year. He invited his family (Abiola, Ade, Monife, Jedediah, Segun, Pelumi, Gbotemi, and Daniel) to his house. His grandfather, his aunt, his brother, his grandmother, his father, his sister, his mother, and his uncle all had a great time at his house.

Figure out how each person is related to Akin and make a family tree.

1. In the afternoon, all of the men were watching football. Abiola, Gbotemi, Jedediah, and Monife played *Boogle*.
2. Pelumi is Akin's father.
3. Gbotemi is Pelumi's sister.
4. Daniel is Pelumi's father.
5. Jedediah has no children.
6. Ade is Jedediah's brother.
